

**typed contract****fixed predicates****one permission**

object, state, response  
domain, candidate class  
cells + provenance

mechanics, evidence,  
provenance

fit is not a  
release predicate

REJECT > RETAIN  
> ALLOW

operational use stays  
outside the closure

tested: determinism, monotone blocking, finite-class closure,  
scale non-identification, fitting independence

**OP****A One changed gate, one action B Cross-table transfer**
